

# The Paducah Sun

VOLUME VIII—NUMBER 14

PADUCAH, KY., TUESDAY EVENING, JULY 16 1901

10 CENTS PER WEEK

## MILLION LOSS.

Dold Packing House Burned at Wichita, Kansas, Today.

## GOOD ROADS CONVENTION.

It is Reported That The Boer War May Soon Come to a Close in South Africa.

## SEVERE DROUTH IN KENTUCKY.

MILLION DOLLAR FIRE. Wichita, Kan., July 15.—The Dold packing house burned here today, and seven million pounds of meat were destroyed. The loss will reach one million.

CONVENTION IN OWENSBORO. Owensboro, July 15.—The Good Roads convention opened here today, and there is a good crowd in attendance from the neighboring sections. A big barbecue adds to the enjoyment of the day.

THE BOER WAR. Cape Town, July 15.—Chancellor Sprigg says that the British government is trying to shape a course for the speedy termination of the Boer war.

DROUTH IN KENTUCKY. Louisville, July 15.—From all over the state come reports of damage from the drouth, but the worst conditions seem to prevail in Clinton, Madison, Grant and Boyle counties. The corn has been badly damaged.

MINES CLOSED IN PENNSYLVANIA. Wilkesbarre, Pa. July 15.—The eight hundred engineers who are striking here today have caused the closing of nearly fifty thousand miners, all the mines having closed down.

REPUBLICAN PRIZE. MARY IN LOUISVILLE. Louisville, July 15.—The indications are this afternoon that the prize ticket will be nominated here at the Republican primary today.

## OFFICE CLOSED.

ONLY THREE RECRUITS SECURED IN PADUCAH THIS TIME.

Lieutenant F. De Funiak of Louisville, arrived in this city this morning and mustered in three recruits for the coast service artillery. The following are the names of the recruits: William S. Tighe, of Wickliffe; Charles Levi and Shelby Rutledge, of this city. They left for Louisville on the noon train. The recruiting office was closed here yesterday, one day sooner than was expected, and the officers will probably not come here any more for some time. Sergeant R. C. Burt, who had charge of the office here, stated that he did not do so well as he expected. "I examined over 20 men but rejected them all with the exception of the three I am taking to Louisville now. I examined one man, from down near Woodville, who measured six feet three inches in his sock feet. I rejected him on account of a deficiency in chest measurements. There were several others who did not pass on some slight deficiency. We want them perfect." Lieutenant De Funiak has gone to Murray where he will muster in recruits.

## NO TIME SET.

THE INSPECTION OF WATER WORKS INTAKE IS SOON TO BE, HOWEVER.

The time has not yet been set for the inspection of the water company's rotary strainer and intake. It is desired that the river be lower than now, in order that the workings of the strainer may be best seen and understood.

The city council, and all citizens who desire, will be taken across to the island on the Brook Hill by Superintendent Burnett, of the water company.

FOR \$3,200.

LOSS ON THE YEISER-McELRATH STOCK SETTLED LAST EVENING.

Adjusters Johnson, Jefferson and Watkins, of Louisville, who were here to adjust the loss on the Yeiser-McElrath drug store, which caught fire about two weeks ago, last night finished their work and the loss was settled at \$3,200.

For indigestion there is nothing that equals Winsor's Laxative Phosphate.

## MUSICAL CLUB.

ONE ORGANIZED LAST NIGHT BY MUSIC LOVERS OF PADUCAH.

## VERY DULL.

Mayor Lang Has Little Trouble With Loafers These Hot Days.

## NO CITY NEWS TODAY.

Arrangements Made to Keep the City Hospital Clear of Chronic Patients Hereafter.

CONDEMNED BRIDGE NOW USED.

"Matters are distressingly dull to-day in city circles," said Mayor Lang this morning. "There is very little going on, and I don't propose to give out anything for publication—there is nothing to give out," he concluded with a smile.

The hot weather seems to have driven the usual crowd away from the city hall to a cooler place. Mayor Lang's office is a favorite leading place most of the time, but during the hot weather he is seldom disturbed in his work.

"There is no time set for the water works inspection," continued the mayor, "and I don't know when it will be. Last night the council exhausted about all the city business, and I'm glad of it."

One woman in distress called at this junction and was promised assistance to Erin, Tenn., when the next boat goes up. She was the only visitor at an alms seeking mission today.

## A SURPRISE WEDDING.

MR. CLARENCE PRATT AND MISS FRANCES BARRICMAN WED.

Rev. B. I. Reed Officiated. Couple Have Gone to Dixon on a Bridal Tour.

Mr. Clarence W. Pratt, son of Mr. E. W. Pratt, of South Third street, and Miss Frances E. Barricman, of Fourth and Adams street, were married at the Episcopal church this morning at 10 o'clock. Rector B. E. Reed officiating. The marriage was a quiet affair and was attended by few of the couple's most intimate friends. The bride and groom left on the noon train for Dixon Springs, where they will stay for two weeks and then return to go to housekeeping on South Third street.

Mr. Pratt is a motorman and is a popular young man among his many acquaintances. The young lady has been living with her grandmother, Mrs. George Brownell, and is a general favorite with her many acquaintances. The marriage was a pleasant surprise.

MORE GOODS.

JOHNSON HAD STOLEN SILVER SET ON THE AVAION.

Lieut. Moore went to the Avation last night to get a trunk belonging to William Johnson, the negro rooster held over yesterday on a charge of stealing three boxes of medicine belonging to the Chattanooga Medicine company.

He found in the negro's trunk a silver service belonging to the hotel, and the trunk was taken to the city hall. It is thought that some of the other contents were stolen.

HAD TROUBLE.

BUT THIS OWENSBORO COUPLE WAS NOT DAUNTED AND SUCCEEDED IN GETTING MARRIED.

Louisville, July 15.—W. W. Wilson, of the Planters' Hotel, Owensboro, and Miss Alice Murphy, of the same city, were married in Jeffersonville, after a considerable amount of trouble. Miss Murphy was of legal age, but the couple seemed to fear trouble, and accordingly eloped, taking along a friend of the young lady. They got a license in Jeffersonville all right, and then trouble arose. Mr. Wilson was a Protestant and Miss Murphy a Catholic. They went to the house of Father O'Donnell, but he refused to marry them without a dispensation. Then they came to this city and applied to Monsignor Gambon for a dispensation. He refused to grant it without the consent of the priest at Owensboro. A telegram was promptly sent him, and in the meantime an effort was made to get a marriage license here, but the party entered the court house a little too late. On returning to Father Gambon's house they found a telegram from the priest at Owensboro, saying, "Let them marry." Monsignor Gambon accordingly granted the dispensation, and the party returned to Jeffersonville, where Father O'Donnell performed the ceremony. The couple left for Cerman Springs to spend the honeymoon.

Winstead's Laxative Phosphate cures that tired feeling. At all drug stores.

## RAILROAD NOTES.

GENERAL MANAGER WALLACE WAS HERE YESTERDAY.

## SHUT DOWN.

Steel Mills Close Until The Strike Can Be Settled.

## MANAGERS CONFER.

Supposed Anti-Union Men Fall Into Line and Join The Strikers.

SOME STEPS TOWARDS SETTLEMENT.

Pittsburg, July 15.—Reports received from all sources connected with the great strike of the steel workers indicate that the members of the Amalgamated association had matters well in hand and that the strike order was generally obeyed. Telegrams from various points where the mills of the American Tin Plate company, the American Steel Hoop company and the American Sheet Steel company are located, told of the shutting down of these plants in large numbers. In many cases the plants had been shut down by the first strike which affected the sheet steel and steel hoop companies only. The last order brought out all the union plants of the American Tin Plate company with the single exception of the new mill in Monessen, which is still running. At the Amalgamated association headquarters it was stated that 71,000 men would be actually idle in the mills of the three companies.

The hoop company's supposedly non-union mill, known as the Painter, was closed. The tie-up at this mill was said to have been a surprise to the owners and officials in charge of it. The other plant known as the Lindsay & McCutcheon mill in Allegheny was shut down completely in the puddling and bar mills.

The most interesting report to the Amalgamated association was the dispatch from New York which said a conference of the manufacturers was to be held in New York today at which Warner Arms is to present a detailed account of the experiences of the committee that met the Amalgamated association last week.

The question of again extending the olive branch to the strikers or of taking up the fight and crushing the association will be determined. Generally speaking the workers, from President Shaffer down, seem to be looking for some sort of a settlement.

## RAPID COMPLETION.

CONTRACT FOR THE NEW MARSHALL-ODD FELLOWS BUILDING MAY BE LET TOMORROW.

The bids for the work on the old Fellows building will be opened tomorrow and the contract awarded. The building will be one of the finest in the state and will be a credit to the city. There was some little doubt raised at first about the building, but with the energetic work of the promoters and the logical strong backing will see the building go up to rapid completion.

NAME CHANGED.

MARBLE HALLS MAY BECOME THE BROOK HILL CLUB.

The Marble Hall baseball club will change its name. The club had been thoroughly overhauled and new players secured and is as good as any other amateur team in the state this side of Louisville. It is probable that the name of the club will be "Brook Hill." Two well known firms in this city have agreed to give several hundred dollars towards erecting a baseball park, but want the park built out near the Illinois Central depot where one of the firms owns land. They want to obtain sole possession of the park and also the management of the team. The park will be named after one firm and the team after the other. Manager Wilkins thinks the park is a go and will have a talk with the promoters of the new arrangement this afternoon. If everything is settled this week the park will be under course of construction within the next week.

TO PLAY BALL IN MURRAY.

Mr. Newt Atkinson, the well known ball player, received a telegram from Murray this afternoon calling him there to play ball in three match games beginning tomorrow. The Cardinals and Murray teams will meet and the games promise to be hotly contested.

## DAILY THOUGHT.

"The measure of noble living is to find in every disappointment opportunity for progress, and to make of every hindrance a step forward."

For years the city council has been trying to pass a market house ordinance that will afford some measure of protection to the general public, and for years it has persistently failed. It begins to look as if the city has a poor body of law makers so far as the market house is concerned at least.

In several portions of Missouri there has been no rain since April 17th and Gov. Decker, in response to numerous petitions, has set aside Sunday, July 21, as a day of fasting and prayer, that the drought be broken.

The weather men have laid the hot weather onto Jupiter and one of his companions in space. Owing to the latter's position they can afford to assume the responsibility, but the people down here would much rather the weather clerk had blamed something more within reach.

The engineers and firemen on the International railroad, running into Eagle Pass, Texas, have tied up the road by striking for a raise. They claim they were paid in Mexican money and that it greatly depreciated their wages.

It is hoped that if the small park on Fountain avenue is annexed after Mayor Lang it will prove more of a credit to him than Yonker park has been to his predecessor.

Chicago's mayor has come out in the shirtwaist. When interviewed about it he said he knew no law against a man making himself comfortable.

The brick street ought to be named after the council.

## BETTER TODAY.

OPERATION ON HARRY KOLLEY REVIVES HOPE OF HIS RECOVERY.

Harry Kolley, the boy who fell off the new opera house building Sunday is slightly improved today. He was operated on yesterday afternoon by Dr. Foster and immediately changed for the better. He was in a very serious condition yesterday before the operation and hope was for a time given up.

## DROWNED IN TEXAS.

SON OF THE EDITOR OF THE "CONFEDERATE VETERAN" DEAD.

A Nashville dispatch that will be of interest here because of the fact that the young man's father is well known here, is as follows:

News was received here today that Paul D. Cunningham, engineer under the United States Boundary Commission, had been drowned at Eagle Pass, Texas, while endeavoring to go through the rapids on Rio Grande River.

Mr. Cunningham was 31 years of age and the only child of S. A. Cunningham, editor of the Confederate Veteran. He was last year one of the chief engineers engaged in sanitary work in Havana, Cuba, and for a time was practically in charge of work under United States government. He was unmarried.

\$100 REWARD. \$100.

The report of foreign commerce of the United States, just completed, shows that during the fiscal year just ended, all records are surpassed. The combined value of imports and exports for the fiscal year amounted to \$2,310,413,071, against \$2,114,124,266 for the year ending June 30, 1900, the largest previous record. The imports for the year amounted to \$829,736,533, a decrease of \$27,181,651 in comparison with the imports for the previous year. The exports amounted to \$1,480,676,538, an increase of \$23,173,162 in comparison with the previous year, making the balance of trade for the year in favor of the United States \$650,940,001, or an increase of \$120,358,113 over the balance of trade for the previous year. In addition to this there was an excess of \$17,901,159 in the value of silver, bullion exported over the value of that metal imported.

The idea of sweeping the brick street only twice a week will be generally considered a bright one. The average person is asking "for goodness sake how many times was it swept before?" Once a month? The street ought to be swept every night, and if it isn't, the thoroughfare is a sight to behold the next morning. The idea of sweeping it twice a week is worthy of a country village. It might as well not be swept at all. If the city council is afraid that a more frequent sweeping will wear out their elegant brick street, the presumption may be founded, for it wouldn't take much to sweep what's left of it, but the multitude of citizens would prefer to have it swept every night as long as it lasts, at least.

In several portions of Missouri there has been no rain since April 17th and Gov. Decker, in response to numerous petitions, has set aside Sunday, July 21, as a day of fasting and prayer, that the drought be broken.

The weather men have laid the hot weather onto Jupiter and one of his companions in space. Owing to the latter's position they can afford to assume the responsibility, but the people down here would much rather the weather clerk had blamed something more within reach.

The readers of this paper will be pleased to learn that there is at least one dreadful disease that science has been able to cure. In all its stages and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer one hundred dollars for any case that it fails to cure. Send for list of testimonials. Address, F. J. CLENEY & CO., Toledo, O. Sold by druggists, 75c. Hall's Family Pills are the best.

# THE SUN'S DAILY STORY.

## HELEN'S HOSTILITY.

By AD. H. GIBSON Copyright, 1901, by the Daily Story Pub. Co.

When Helen was a successful young ranchwoman on Bear Creek in Nebraska. Five years ago she had come to the state and invested her earnings as teacher in cattle, preeminent health and a good head for business had enabled her to attain a success beyond her most sanguine expectations.

"I'd be perfectly happy now," she said to her sister, a girl of 16, who lived with her, "if I could have held that claim until you were of age. And to think a man should get it, and worst of all that man, Elmer Chase, the son of the lawyer who caused our father to lose his property in Michigan by finding some flaw in the deed, it's an outrage!"

"Well, Helen, we could hardly expect that so long as the law would let me hold it," said Lottie. "For my part I'm not sorry that Elmer Chase has taken it. He's so handsome and pleasant. Then he's not to blame for what his father did."

"No, but I object to his taking the claim," said Helen. "One thing sure, he'll not find me a sociable neighbor."

Lottie laughed. "There's no need of nursing your disappointment about the claim," she said. "For I intend to be mistress of it some day."

"Why, Lottie, when will you mean?" demanded her sister. "I'll marry Elmer Chase and get the claim after all," she returned in her teasing tone.

A few days after this dialogue between the sisters Elmer Chase reappeared, and returning to her herd some "strays" which she had thought were hopelessly lost. Helen Gilman was riding along on her pony, inspecting some of her cattle, when Elmer Chase, dressed in a suit and in a straight-forward way explained how and where he had found them.

"Very kind in you Mr. Chase," she said in few words. "How much do I owe you for this service?"

Nothing Miss Gilman," he replied. "I give you real pleasure to serve you, and whenever I can do you a neighborly turn don't hesitate to ask me."

Thank you," she said, and rode away toward her house.

"A Nova Zembla circle would be a warm comfort with her reception," he said, with a whistle. "Love" she makes a beautiful figure on that pony and what perfect health she possesses!"

That very evening he happened to meet Lottie at the postoffice, and as he rode back with her he asked her why her sister was so cool toward him. After a little hesitancy, with her characteristic frankness, Lottie told him.

"And so," he commented with a smile, "your sister has a double-grinder against me. I took the claim over her head, and she's so angry with me that she's going to be the son of a lawyer who won a case against your father when she was a child."

After a little hesitancy, Lottie told him that Lottie at the postoffice, and as he rode back with her he asked her why her sister was so cool toward him. After a little hesitancy, with her characteristic frankness, Lottie told him.

## 1845 RESULTS SHOW WHY 1901

The Mutual Benefit Life Insurance Company  
OF NEWARK, N. J.  
...Is the Best Company in Which to Insure Your Life...  
Policy No. 175,763  
At age of 31 for \$5,000 on the life of The Hon. George C. Wallace, of Paducah, Kentucky, on the Convertible Oldway Life plan with an annual premium of \$15 has developed.

| YEAR | DIVIDEND | Additional Ins. Purchased by the Div. | Value of Policy |
|------|----------|---------------------------------------|-----------------|
| 1845 | 25.35    | 68.00                                 | \$ 5,000.00     |
| 1846 | 25.35    | 68.00                                 | 5,068.00        |
| 1847 | 25.35    | 68.00                                 | 5,137.00        |
| 1848 | 25.35    | 68.00                                 | 5,198.00        |
| 1849 | 25.35    | 68.00                                 | 5,260.00        |
| 1850 | 25.35    | 68.00                                 | 5,322.00        |
| 1851 | 25.35    | 68.00                                 | 5,387.00        |
| 1852 | 25.35    | 68.00                                 | 5,453.00        |
| 1853 | 25.35    | 68.00                                 | 5,509.00        |
| 1854 | 25.35    | 68.00                                 | 5,565.00        |

It should be noted that the policy would have been \$5,000.00 at the time of the face of the policy. This additional amount of insurance gained is nearly 100 per cent of the face of the policy. The dividends are paid in cash or added to the policy. The dividends are paid in cash or added to the policy. The dividends are paid in cash or added to the policy.

**OF MYSELF.**

This only grant me, that my means may be too low for envy, but contempt too high. Mine honor I would have, Not from great deeds, but good alone! The unknown are better than ill known: Honor can rise the grave Acquiescence I would have, but when I depend Not on the number, but the choice, of friends.

Unkind should, not business, entertain the night. And sleep, as undisturbed as death, the night.

My house a cottage more Than palace, and should fitting be For all my use, no luxury. My garden painted over With Nature's hand, not Art's, and pleasure yield To those who live in his Bahine field.

This would I double my life's fading years. For he that runs ill will twice run his race.

And in this true delight, These unthought spots this happy state, I would not fear nor wish, my fate: But boldly say each night, I die! To-morrow let my sun his beams display. Or to-morrow hide him, I have lived today.

—Abraham Cowley.

**Observations  
...at Random**

Bargain day at the stores has long been a favorite theme with the retailer and professional joker, but the man who compared the rash at bargain counters to the wild and turbulent football game finds confirmation in the following dispatch to the Globe-Democrat from Cincinnati:

"In a bargain sale rush of women at the Knox 10-cent store on West Fifth street today two women fainted. No assistance was given them until several men who were standing in front of the Hotel Hotel rushed in and carried them to the hotel. Two of the rescuers went out to ask some women in the crowd to come and open their purses and assist in reviving them, but not a woman would leave the bargain counters. The men went back and revived the women as best they could.

"The women gave their names as Mrs. Susan Kinnis, Hopkins street, and Mrs. Poland, East Walnut Hills. After being revived Mrs. Kinnis went back to the store, but Mrs. Poland, who had fainted a second time, and was revived with difficulty in the manager's office."

A prominent German tobacco buyer and his wife, who have been in this country but a short time, were in the city last week and while here took their first trip on a steamboat, making the round trip to Cairo on the Dick Fowler.

They evinced great surprise at the manner in which steamboats are run, and took the smaller landings for mere wilderness. The gentleman said that what astonished him most was that the boat stopped and ran her nose into the wind at many places in the dense woods, and put off freight there, leaving it completely at the mercy of the Indians.

Coming back the boat whistled, stopped and landed in the mid again and took on the same boxes, which strange to say the Indians had failed to get during the day. It puzzled the gentleman from Germany very much. But he is now spending a few days in Mayfield, where he can doubtless find many much stranger things.

A well known lady found herself in a very embarrassing position Sunday. She left home shortly before 11 o'clock to go to church and not caring to be bothered with an umbrella left her "rain stick" at home along with instructions to the cook to bring it to the church if it looked like rain. The cook obeyed while the services were being held and the cook procured the umbrella as instructed and repaired to the church. Just after communion services were over in walked a dark-skinned female holding in her hand an umbrella. She munched up the aisle and giving the umbrella to the minister said "This is the umbrella Mrs. B. told me to fetch her if it looked like it would rain." She then turned and without another word marched majestically out of the church. The minister handed the umbrella to the owner, who found herself an overcoat with embarrassment that she hardly knew what to do.

**THE CITY COUNCIL**

Several Ordinances Given Final Passage at Last Night's Meeting.

**NO SALOON LICENSE.**

People Near Twelfth and Madison Do Not Desire a Saloon—Ordinance Ordered.

**PROCEEDINGS OF THE MEETING**

All the members of the city council were present at the regular meeting last evening and Mayor Lang was in the chair.

City Tax Collector Wm. Kraus reported the collection of \$18,675.70 and \$196.83 back taxes.

The annual number of accounts were allowed, and the report of the ordinance committee was not long.

Ordinances providing for the new West Tennessee street fill, for grading and graveling Monroe street from Fourteenth to Sixteenth street, and for condemning property for opening South Ninth street from Huskards street south, were given final passage and an ordinance for grading and graveling Sixteenth street from Jefferson to Trimble streets, was given first passage.

The prayer of Mrs. Fannie Kahn for relief from assessment on \$4,000 real estate mortgage was refused, as was a prayer for R. T. Nelson for relief from assessment on a \$400 piece of ground. G. W. Collier's prayer for relief from assessment on a \$400 piece of property in Mechanicsburg was referred and on the prayers from W. E. Roberts and E. P. Swift further time was granted.

Ben E. Parker, colored, petitioned the council for a coffee house license at Twelfth and Madison streets, but a petition from property owners was presented by Deputy Sheriff Gus Rogers, and the request was refused.

An application for coffee house license from H. H. Schindler was deferred, as the notice had not been posted long enough.

The fire committee reported the arrival of the aerial truck, and the committee, in the matter of having an alarm box placed in Warden's addition, was granted further time.

Chairman Bonbrant, of the park committee, suggested that a name be selected for the small park on Fountain avenue. Councilman Wells moved that it be known as "Lang Park" and the name will be selected if it is learned that the place has no official name.

Attorney Lightfoot reported in regard to the petition from Mr. John Fawley, who claimed to have paid street improvement that should have been paid by someone else, but there was no support for such claims.

Further time was given the committee appointed to locate new lights in the city and to investigate the extension of water mains into Rowlandtown. Councilman Jones reported that the light ordered for Sixth and Broad street had never been located there.

On motion of Chairman Hannou the street inspector was instructed to clean Broadway with the sweeper twice a week.

An ordinance was given first passage requiring contractors who in building sidewalks fail to place back drain pipes that they take up to replace the pipe.

Further time was granted in the ordinance providing for a fill from Fourth to Fifth on Trimble. It has already been given first passage.

It was reported that Mr. Robertson, who owns property on one side, will build the fill himself if he can purchase the property on the other side.

The alley from Adams street, between Ninth and Tenth, was ordered repaired.

Some changes at the South Station were authorized made by the committee.

An ordinance was ordered brought in providing for the paving of North Ninth street from Madison to Trimble streets.

An ordinance was ordered drawn providing for the opening of South Eighth street from Huskards to Hickman, the property owners living in favor of the improvement.

It was reported that there were several patients in the city hospital who had been there longer than the law allows. The matter was referred to the hospital committee.

The matter of refunding \$75 to Gilbert & Weldon for taxes paid on cotton stored in their warehouse and belonging to others, was referred to the city attorney.

Mayor Lang reported that \$50 had been paid Louis Chenille for the damage to his vineyard in running North Tenth street through the property.

The Gas company was required to comply with the ordinance in laying their new mains or repairing their old pipes.

The iron furnace was exempted from taxation for five years, beginning January 1, 1902. As the assessment has already been made the furnace could not be released this year.

The request of W. Y. Noble to pass over the Tennessee street bridge in hauling gravel to Twelfth street was

**RHEUMATISM**

**WRIGHT'S RHEUMATIC REMEDY**

Why suffer with your body full of pain or let it helpless in bed?

Wright's Rheumatic Remedy is an experiment the first period is passed. Many cases of rheumatism and kidney trouble could be only one bottle of our remedy, taken internally, once in at least, don't be a victim of this disease. You can now avoid it. Ask your druggist. If he will not supply you send one dollar for a bottle.

**GUN CLUB.**

**THE BEVER STAIR MATCH TAKES PLACE THIS AFTER NOON**

The time for the gun club shoot are here and the match contest between Messrs Henry Meyer and Ben Starr will be shot this afternoon at the club grounds at La Belle park. The birds came from Murray and arrived in the city yesterday afternoon. The club now has a good supply and will not have to send away again to obtain birds for the big shoot Friday.

The contest this afternoon is for the championship of the club and will be one of the hottest shoots of the season. Friday Messrs. H. H. Bonbrant and Hal Walters will shoot against Messrs. Ben and Meyer. Starr for a purse of \$100. The contest was postponed from last Friday on account of the failure of the live birds to arrive in time. After the match shoot this afternoon the club will hold a target shoot and will also probably do some live bird shooting.

**Foley's Honey and Tar**

**SAFELY DYNAMITED.**

**TO ALL PERSONS HAVING FARM, TIMBERED, OR MINERAL LANDS, OR WATER POWERS FOR SALE.**

The Nashville, Chattanooga St. Louis Railway proposes to use its best efforts to induce a good class of immigrants to settle in territory contiguous to its lines and to engage the attention of capitalists seeking Manufacturing Sites or Mining Property. It therefore solicits the support, the cooperation and the assistance of the people of every county through which its lines pass. The management earnestly requests that all persons who have farms for sale or lease, those who have timbered lands, water powers or mineral lands for sale, will send a brief description of the same to the railroad agent nearest them, giving the prices and terms of sale. The prices must correspond with the prices asked of local buyers. The management does not propose to aid in selling land to immigrants at exorbitant or speculative prices.

Large tracts suitable for colonization, at low prices, are especially wanted.

**MY TRIP TO THE WHITE MOUNTAINS.**

After my school days were over and I tired of the dust and the noise of the city, I thought I would take a trip to the White mountains to see my wild-owl-uncle whom I had not seen for many years.

Not wishing to go alone, I heard of a gentleman who used to be my particular friend at school who was going the same route as I, so we concluded to go together and enjoy ourselves the best we could. Of course we had to make preparations for the trip and set the date to go. We intended to go the first of August. He was going to attend to some business that was left unsettled by his father many years ago and I to see my aunt. I told him that I, being a lady, was not used to traveling alone and such a long distance. Well the day at last arrived and we had to bid our friends adieu. First we took the steamer, then the train and last the stage coach. And such a delightful time as we had! The route was very picturesque. We saw a great many lakes and beautiful hills. We arrived at our destination and were very glad. She had been married a year, but none of us knew it. She had a stepson but I could not be sorry for the young man whose name was Albert, escorted me around the grounds and showed me the scenery. The mountain was so steep that the little cottages up there looked as though they might slip down. We had many delightful drives and spent many a pleasant afternoon on the mountain side reading and enjoying the fresh mountain air. But time soon passed away for school was drawing nigh, and I had to prepare my studies again, but my mind was refreshed thinking about my pleasant visit. He being a lawyer returned to his office of business, for he had already been admitted to the bar to practice law. Whenever I hear any one speak of a trip I always think of the one I took to the White mountains in New Hampshire.

**ANNA'S GHOST.**

Mr. William Wyckoff, of South Ninth street, is on the sick list.

Miss Zoe Larnesse is ill at her home corner Ninth and Tennessee streets.

Miss J. R. Martin, of Madison street, has recovered after a brief spell of illness.

Mr. Aubrey Barlsdale has almost recovered from his recent attack of malarial fever.

Major T. T. Jones is reported improving slowly from his recent illness and accident in having his foot cut.

Mrs. Mike Isman has recovered after an attack of smallpox but is not yet permitted to leave the house.

Mrs. Lyle, who lived on South Second, and her nine year old son, were admitted to the city hospital last evening.

Mr. Thomas Wilkins had a hand painfully injured in a saw cut. Riglesberger's mill yesterday afternoon Dr. Cuyler dressed it.

TEAM ROLLED OFF.

One of the teams working on the 12th street fill rolled down the embankment yesterday afternoon but no damage resulted from the accident.

The driver had driven too near the edge and the wagon became overbalanced and turned over, dragging the mules along with it.

PRISON ISLAND.

St. Helena Island by Nature for Its Prison Use.

In the old days, not good old days—when East Indians went round the Cape, St. Helena was a great port of call and in revivifying.

It was pronounced then, and when in 1815 Napoleon the Great came there as a prisoner his prosperity was at its zenith.

The government had no control over it. The island belonged to the East India company and it was only by an arrangement with the board of directors that it could have been used as a place of deportation for the mighty emperor.

Why was it so well fitted for the purpose? It is in mid-ocean—1,000 and more miles from any continent. Its coast rises up in precipitous rock from the ocean. Escape save at the risk of a broken neck, would be almost impossible. Only at one place—Jamestown, on the northwestern coast—could any boat hope to land, and even there only if the elements are kind. This is not always so. There is the roller season, the great rollers come in from the south Atlantic, and often for days there can be little or no communication between the anchored vessel and the rough steps at the end of an embarkation quay.

What St. Helena was between 1815 and 1821 it is now a safe prison. But its prosperity is gone. No one goes there unless compelled by necessity. Once a month a fastidious steamer calls for a few hours' landing and takes off the mails, discharges one or two officials or receives them homebound, and that is all. Thus did some casual travelers come to visit the other day. The governor was at the castle, a kindly Indian civil servant, certainly, ruling his little island on a moderate salary. There was a half battalion of West Indian troops under Major Westmoreland, splendid fellows in gaudy trappings and a few gunners. These usually they looked at the travelers.

STEEL WOOL IN ARTS.

Take a Piece of Sandpaper in All Cabinet Work.

"Although steel wool has only been used as a substitute for sandpaper during the last six years, it is now very extensively used for polishing purposes by metal workers, carpenters, cabinet makers, house painters, sign painters and kraiders throughout the United States," and a wholesale dealer in the material to the writer recently said: "Steel wool is an article of regular manufacture and it is put up in one pound packages very much resembling rolls of cotton batting. It is composed of sharp-pointed threads of steel, which curl up like wool on the familiar wool fiber known as excelsior, but it is much finer in texture than the latter material. The superiority of steel wool over the ordinary sandpaper consists in its great pliability, which enables a worker to polish or smooth down irregular parts of moldings or ornamental woodwork. Such work can be done with steel wool far better and much more expeditiously than with sandpaper. The latter clogs in use, but steel wool always retains a more perfect polishing edge on surface. The wool is made in various degrees of coarseness, the coarsest grade being best adapted for taking off old paint or varnish and for smoothing and rounding floors like those of bowling alleys. The wool is generally used with gloves to keep the sharp ends from attacking into the workman's fingers."—Washington Star.

Hollington Booth estimates that over 1,000,000 persons have attended the great ex. of the Voluntary American during the year. The Voluntary number 72,000.

THE RIVER NEWS.

Observations taken at 1 a. m. River 8.7 feet on the gauge, a fall of 0.3 in the last 24 hours. Wind, southwest, a good breeze. Weather, clear and hot. Temperature, 82. FELL, Observer.

The man, "Dan" Mitchell, reported to have died on the John R. Speed, turns out to be Matt Mitchell, the well known colored steamboat porter, who for years served the big Kanawha in the Carrollton trade. Matt Mitchell was known to hundreds of people living along the Ohio.

Business rather quiet in river circles today.

It is a somewhat remarkable fact that where a steamboat has more than two whistles only one or two of them blow at full sound. The others are simply "dummies," and only waste steam. There are two reasons why they won't blow and make a "confound" of sweet sounds. One is that they are seldom tuned, the other is the pipe leading from the boiler is too small to supply more than one or two of them with steam. The cost of blowing a cluster of small whistles or one or two large ones on a trip is no small amount.

The Westcott arrived last evening from Memphis. She brought up a big lot of logs.

The H. W. Butterfield left for Clarksville late last evening with a good trip. She is due to leave here at noon tomorrow for Nashville, but owing to low water and being several hours late in leaving here for Clarksville she will be late in getting away from here tomorrow afternoon.

The City of Memphis passed out of Tennessee river yesterday afternoon with a good trip. She got 75 deck passengers, who came out of the Cumberland on the Butterfield yesterday. They go to St. Louis to work on some railroad back in the interior of Missouri.

The Dick Fowler had a big trip in from Cairo last night. She left on time this morning on return trip. She had a good trip of people and considerable freight for Cairo.

The City of Clifton is due tomorrow morning from St. Louis for Tennessee river. She has a big crowd of round trip people.

The John S. Hopkins, from Evansville, arrived and departed on return trip this morning with fair trips in and out.

The Louisville Post of yesterday says: Capt. Lee H. Reek, once general manager for the Louisville & Cincinnati Packet company, died at his home in Cincinnati Saturday night at 10 o'clock. He had been an invalid for a long time. —Pilot Jim Ferguson, of the City of Pittsburgh, passed through this city today en route to his home at Memphis, his boat having returned for the season.—Capt. Joe Card, who passed through the city en route to his old home at Haysville.

The Charleston is receiving a big trip for her departure this afternoon at 5 o'clock for Clifton, Tennessee, taking in all Tennessee river way landings.

The Avalon left last night for Cincinnati. Lee Gordon was engaged to pilot her as far as Louisville.

The Clyde leaves tomorrow for Madison, Ind., where she will resume extensive repairs.

The Henry Harley, in command of Capt. Jim Till and his crew off the Clyde, leaves tomorrow afternoon at 5 o'clock for Waterloo, Mo., and all Tennessee river way landings. She will fill the place made vacant by the Clyde.

The big John K. Speed will not arrive here until tomorrow en route for New Orleans. She is reported as having a big trip, all that she can handle on the present stage of water.

The Louisville Post of yesterday says: The quarterly meeting of the board of directors in the Louisville & Cincinnati Packet company is being held in Cincinnati today, and so far as known at this writing only routine business will be transacted unless the overhauling of the big steamer City of Louisville should be made a special feature. It is rumored that a suggestion will be made to lengthen her a few feet to make her better suited to the great power she has in her engines. Anyhow it is a sure thing that she will go to the Madison marine way in a few days to be generally overhauled.

Capt. Banner, of the steamer City of Louisville, has chartered the towboat Wm. Towle to fill the place of his boat which she is having some repairs made. The Towle arrived this morning with 2,500 sacks of wheat on the City of Louisville's barge. The wheat was put off at the N. C. & St. L. incline and the Towle left on return to Louisville early this afternoon.

River falling with eight feet seven tenths on the gauge at 8 a. m.

The Ayer-Lord The company have bought the Maggie Belle, price not stated.

SURPRISE FRIENDS.

Hopkinsville, Ky., July 16.—Dr. E. C. Anderson, a prominent physician, and Miss Belle Coulter Moore, a popular society girl, surprised friends by marrying at 5 o'clock this morning. They left for the Pan-American exposition on a bride trip.

DEMONSTRATION SALE!

BIGGEST CUT PRICE EVENT OF THE SEASON NOW ON AT WALLERSTEIN'S.

We never do things by halves. When we "go in" to cut prices we cut them lower than any other house, as comparison will tell. To prove this fact we have inaugurated a Demonstration Sale of Men and Boys' Clothing, and in many instances we have cut the prices 10 to 15 per cent. less than others, and in every instance a little less than their lowest prices.

Just to Demonstrate Our ability to undersell other houses we have placed all \$6.50 and \$7.50 Men's Spring Suits on sale at choice of the lot for \$4.98

Just to Demonstrate How we cut prices and to give you the benefit of a big reduction, all \$10.00 and \$12.50 Men's Spring Suits go at once for \$7.50

Just to Demonstrate Why it is to your interest to come here we have placed all \$13.50 and \$15.00 Men's Spring Suits on sale at \$10.80

Just to Demonstrate The fact that our cut prices are lower than any other house, we have placed on sale all \$16.50 and \$18.00 New Spring Suits at choice for \$12.70

Just to Demonstrate How you can buy the finest suits at almost half price and less, we offer pick of finest \$20.00, \$22.50 and \$23.50 Men's Spring Suits for \$13.90

On all Boys' Long Pant Suits and Children and Boys' Knee Pant Suits 25 Off

ALL CUT PRICES ARE STRICTLY CASH.
